

How do I set up a permanent open link to my virtual classroom

In certain cases you may need to be able to create a permanent time - independent link to your virtual classroom that is open at all times.

This can be accomplished quite easily with the help of your Session Schedule. All that is needed is to set up an event in your calendar that is 24 hours long and occurs every day.

This will give you a link to your classroom that is valid every day for 24 hours a day for indefinite time.

To do so follow the steps below:

Log in to your account and click on **Class Schedule** -> **New Event**.

The screenshot shows the 'New Event' form in a virtual classroom system. The form is divided into three tabs: 'Event', 'Location & Permissions', and 'Options'. The 'Event' tab is active. It contains fields for 'Topic' (filled with 'Permanent Link to Classroom'), 'Description' (empty), and 'Organized By' (filled with 'Keira Mace (1553593)'). Below these is the 'Schedule' section with fields for 'Date' (01/11/2016), 'Time' (10:00 AM), and 'Time Zone' ((+00:00) Dublin, Edinburgh). The 'Duration' is set to '24 h.'. The 'Recurring' section has 'One-time Event' and 'Recurring Event' buttons, with 'Recurring Event' selected. The 'Repeat' section has 'Every' and 'Day' dropdowns, with 'Every' selected. The 'Repeat Stops' section has a 'Never' dropdown. Red arrows point to the 'Duration', 'Recurring Event', 'Repeat', and 'Repeat Stops' fields. At the bottom are 'Previous', 'Next', and 'Apply' buttons.

Fill in a title for your link. It is not important when this event starts. It is important to make it 24 hours long, recurring that repeats every day and set no end date. This will produce a

How do I set up a permanent open link to my virtual classroom

24 hour long ongoing event that takes place every day. Click Next and if prompted select the classroom that will host your event.

Optionally you may set some attendance permissions by specifying access type for this event. Please check different event access options.

Finally click Apply.

You can disable such events by either deleting them from your calendar or marking them cancelled.
