Virtual Classroom Downloads

All first time users have to download and install the Electa Live virtual classroom application on their computer or mobile device before they can attend live sessions. For each platform we have a free application which you can download and install from one of the below links.

Windows Users (All Windows Versions)

Download the Windows App

Apple MAC OS Users (MAC OS X 10.8 and later)

Download the MAC OS App

iPad and iPhone Devices (iOS 7 and above)

Download the iPad/iPhone App

Android Phones and Tablets

Download the Android App
